🎓 education

University of Alabama in Huntsville

B.S, Computer Science
Math and Business Minor
3.8 GPA, Graduating Dec. 2019

📋 skills

Languages: C++, Lua, Java, HTML/CSS, Python, SQL

Technologies: Corona SDK, Android studio, Adobe Premiere Pro CC, GitHub, Visual Studios, Raspberry Pi

🔧 projects

Magic & Mischief
Created a game written in Corona SDK using Lua. Designed all the levels and the characters. Worked on scene composition and transition of game from one level to another.

Boeing New Business Challenge
Conducted a campus wide survey for my business plan and presented a business proposal based on the data collected. Won 2nd place and a scholarship of $3500.
